*Translation of an humble Address from the French and Low Dutch Churches, presented to his Majesty in the Low Dutch Language, by Mr. Theodore Bolron, one of the Dutch Ministers, being introduced by the Right Honourable the Lord Viscount Townshend, one of his Majesty's principal Secretaries of State.*

The most humble Address of the Ministers and Elders of the French and Low Dutch Churches, established here by King Edward the 6th, and confirmed by Queen Elizabeth.

*Most Illustrious Great and most Mighty King,*

**Y**OUR sacred Head being adorned with the Royal Crown of these powerful Kingdoms having filled all the Protestants of Europe with such a Joy, that the French and Dutch Churches in London presume also with the greatest humility to cast themselves at your Majesty's Feet, and amidst the universal Acclamations of your faithful Subjects, to testify the unexpressible Joy of their Souls, and to open their Lips in a dutiful Thanksgiving to the Great God, who hath at so seasonable a Time given them a King in whom Virtue, Religion, Justice, Faithfulness, Wisdom, and Courage, shine in their greatest Glory, and by whose Presence the Minds of all well-meaning Persons are revived, and delivered from their just fear of those Evils that threatened them: So that now we have a well-grounded Hope that Religion, Liberty, and Commerce, being animated as with a new Spirit, may again Flourish and Prosper.

We pray, Sire, the great King of all Kings, that he who hath brought you safe to us, will farther bless your Reign so happily commenced with length of Days, establish your Throne in Righteousness and Peace, make you a Terror to your Enemies both at Home and Abroad, a Refuge for the Distressed, an immovable Pillar of Safety for all Protestants, and a refreshing Shadow for fainting Christendom.

And with these Wishes of all Happiness and Prosperity from the bottom of our Hearts, we most humbly beseech you for your Royal Favour, that it may please your Majesty to take our Churches under the Wings of your Protection, (which were established in the Reign of King Edward the 6th, and have ever since continued through the Benevolence of your Majesty's Royal Predecessors.) And we shall always persevere to demonstrate our most dutiful Obedience to your Majesty on all Occasions, as faithful Subjects, and pray to the Almighty God to bless your sacred Person, his Royal Highness the Prince, and all your Royal House, both Temporally and Eternally.

*His Majesty's most Gracious Answer.*

I thank you for your dutiful Address, and you may rely on my Protection.

Venice, Sept. 22. The Chevalier Carlo Pisano departed the 20th Instant by Ship for Istria, in order to go to the Frontiers, to take Cognizance of the State of Health there. The Princess Pio is gone from Padua to Parma, to wait upon the new Queen to Madrid, in Quality of Lady-Governess of her Court. The Prince of Elboruf has received Letters from the Prince of Auvergne his Nephew, informing him that his Highness is comprehended in the 25th Article of the Treaty of Baden, and the 3d. of that of Rastadt, and therefore he may come to France and enjoy the same Privileges and Honours he did before he left that Kingdom: But it is believed he will nevertheless remain in the Emperor's Service.

Venice, Sept. 28. The Resident whom we had

in Switzerland is returned home, having been relieved by M. Vincentini. We hear that Cardinal Gozzadini, who has been at Parma in the Quality of Legate à Latere, passed incognito through the Modeneze and the Bolognese in his return to his Bishoprick of Ravenna. We learn also, that the new Queen of Spain set out from Parma the 23d, to go to embark at Sestri. There is Advice that on the 3d Instant there happened an Earthquake at Patrago, which lasted so long, and was so violent, that all the Houses of that Town were either overturned or much damaged.

From the Leiden Courant, dated Oct. 9.

Basle, Sept. 30. We hear from Lucern that the Abbot Passionet, the Pope's Minister, is returned thence very little satisfied with the Conference he has held with the Deputies of the five principal Roman Catholick Cantons. The Mortality among the Cattle continues in divers Cantons of Switzerland: The Roman Catholicks of which Country, being the greatest Bigots on Earth, drive their Oxen and Cows into the Church-Yards and to the Churches, where they regale them with a copious Asperision of Holy Water, and fasten to their Horns little Billers, upon which is written, That the Mother of God was born without Original Sin. But it has been observed that that has not saved their Cattle, for there dies more in those Parts than elsewhere.

Ratisbon, Oct. 4. Last Monday the Diet was opened, wherein the Imperial Commissionall Decree made at Ausburg the 18th of August, concerning the clearing of the Quota's and making good the 5 Millions of Rixdollers, was produced; and the Message from the Franconian Council of War, concerning the necessity of furnishing Philipshourg with the Number of Soldiers demanded and other Conveniences, was spoken of. But the Deputies being not instructed upon one or other of these Points, they declared they must have time to consult their Principals. The Imperial Commissary came the next Day into the Diet, and caused the Imperial Commissionall Decree to be publickly read, wherein his Majesty gives them an Account of the Treaty of Peace signed at Baden the 7th Day of September. He Appeals to those Ministers that were at Baden for Testimony that his Plenipotentiaries acquitted themselves of their Duty, and acted for the Interest of all the States of the Empire to the utmost of their Power: But that the French Ministers, by agreeing to one thing and disagreeing to another, rendered the Treaty rather worse than better, so that after long Contention his Ministers were forced to agree to a Treaty that was in a Manner all the same with that of Rastadt. His Imperial Majesty desires the Diet to give their speedy Concurrence, to the End that the Treaty may be ratified within the agreed Term of six Weeks from the 7th of September.

From the Leiden Courant, dated Oct. 9.

Letters from Lille inform, that on the 1st of this Month there was sent from that City 300000 Livres to Dunkirk, to pay the Workmen who are employed in the Canal and Sluices at Mardyke. But 'tis said that notwithstanding the Diligence with which the French work upon that New Port, there is little Appearance that they will be able to finish it before Winter.

Hamilton, Sept. 27. The Account being brought to her Grace the Dutchess of Hamilton, of King George and the Prince's safe Arrival in London, her Grace sent to the Magistrates here, and ordered them to give Testimony of their Affection and Loyalty for the good News; which accordingly they did this Day, by drawing out and Rendering their Train-Bands, who made a good and

great

great Appearance; and marched to a large Green opposite to her Grace's Palace, and there, after having had several Barrels of Ale and strong Beer distributed among them, to drink his Majesty's, the Prince's and Princess's, and several other Loyal Healths, with a Discharge of their Guns; and were countenanced thereto by the Right Honourable John Earl of Ruthglen her Grace's Son, (accompanied by several Gentlemen) who invited the Gentlemen, Magistrates, Ministers, and the Officers who commanded the Train-Bands, into the Palace, and treated them with Abundance of good Wine, where they drank the above Loyal Healths, and to all the Royal Family; and also the two Dutcheffes and Duke of Hamilton's Healths, the Train-Bands firing and huzzing all the while: And then his Lordship took Leave of the Company: And afterwards the said Train-Bands marched through the Town with Colours flying and Drums beating, to the Mercat-Place, where they again fired, and were dismissed: And then the Magistrates went up to the Town Council-House, where they had a Treat prepared for the Gentlemen, Ministers of the Presbytery, and others; and there the above Healths were again repeated: And the Night concluded with ringing of Bells, Illuminations all over the Town, and Bonfires at several Places, particularly a large one at the Palace-Gate, and another at the Cross. All which was done and ended with a great deal of Decency, Order, and Acclamations of Joy.
